## **PRESS RELEASE**

### **I-64 in St. Clair County**

The Illinois Department of Transportation today announced that lane closure originally scheduled to begin on Friday, April 21, 2017 has been postponed until the weekend of Friday, May 5, 2017 through Monday, May 8, 2017 due to the poor weather forecast for this weekend. The lane closure will be encountered on I-64 eastbound and westbound between IL 4 and IL 158 at the new Rieder Road Interchange to remove the old Rieder Road Bridge over I-64. Lane closures and work will begin on Friday, May 5, 2017 at 7:00 PM, and all lanes will reopen Monday, May 8, 2017 by 6:00 AM, weather permitting. Traffic will be restricted to one lane in both directions and will be re-routed utilizing the new interchange ramp lanes. Motorists are encouraged to slow down and use caution when using these ramp lanes.

Motorists are urged to seek alternate routes, obey all traffic control signage and allow extra time when travelling in the area.

The contractor on this project is The Kilian Corp./Keeley & Sons, a Joint Venture, of Mascoutah, Illinois. Mr. Steve Putz is the Supervising Field Engineer for the Illinois Department of Transportation. If you have any questions concerning this project, you can reach him at (618) 346-3350.
